NINJA CRUSADERS STORY

They struck without warning, wiping out Earth's forces in one master stroke. Cities were crushed, and the invading aliens showed no mercy. They called themselves the Inimicus, and hailed for the total surrender of the planet.

A small resistance force of Ninja, refusing to be conquered, still remained after the first strike. They moved from shadow to shadow, always one step ahead of the alien killers.

The Inimicus forces, frustrated by their failed attempts to obliterate these rebels, called in more reinforcements from their diabolical planet. Meanwhile, the Kawaii Ninja clan weren't sitting still. They gathered in a secret hiding place, deep within a distant mountain, and came up with a daring plan. Two of their most skilled Ninja would be sent out to infiltrate the heart of the enemy and annihilate their stronghold on Earth. The Ancient Ones then summoned forth all of their Ninja Magic and endowed the two chosen warriors with long forgotten mystical powers.

HOW TO PLAY

Your mission will take you through the ruins of the nation, into the aliens' lair, and finally, to the heart of the threat.

Ninja Crusaders™ is a two player interactive game. Simply make your selection at the beginning of the game.

You are given three lives and will be able to gain extras as you progress. To continue, after all your lives are lost, press any button on the control pad.

The weapons of the Ninja have been handed down to you; throwing stars, chain and sickle, bo, or katana - each with its own advantages and disadvantages. So, choose wisely.

As a member of the Kawari clan, you have an uncanny ability to change into one of four fighting creatures, each associated with one of your weapons. No Ninja has been able to win a battle with the Inimicus as a man, but your special skills will help you prevail.

The world depends on you to rescue it from doom!

WEAPONS AND METAMORPHOSIS

The ancient secret of the Kawari Ninja was their ability to transform into the warriors of nature. The Kawari Ninja were the ultimate stealth warriors, able to go anywhere undetected.

But the Ninja had to have his sacred tools of destruction in order to change.

The Throwing Star

A popular item among martial artists around the world, the Throwing Star can hit targets at far distances. The special stars of the Ancients can change the Kawari Ninja into fierce fighting tigers.

The Chain and Sickle

When thrown with the right technique, this weapon has tremendous impact. With the Chain and Sickle, the Kawari Ninja can change into a powerful Armored Scorpion.

The Bo

A simple staff with great speed and impact. The Kawaii Ninja uses this for close combat, and can transform into an elusive Hawk.

The Katana

The Katana is the ultimate weapon of the warrior, wielded by only the bravest Ninja. The Kawaii Katana is said to house the spirit of a fierce dragon.

By picking up the same weapon token as the one you are using, you will gain an extra life.
